Note:

Supplemental STAT 301 sessions are available in UNIV 003 on Mon (5:30pm-6:30pm) and Weds (6:30pm-7:30pm).

The instructors staffing the STAT help room will NOT work out the GRADED HOMEWORK questions for you. You may get assistance, but we will not do the problems for you. You should attempt the problems before coming to the help room. You may ask about similar problems from the Extra examples (listed under Lecture Notes).

The Stat Help room is open from 8:00 to 5:00 Monday through Friday. At times where there is not a TA scheduled to help for your course, there may be help available from someone assigned to another course, but their own students would get priority.
