

Jason Gomberg

FSA, MAAA
Actuary

CURRENT RESPONSIBILITY

Jason is an actuary with the Chicago office of Milliman. His career as a healthcare actuary started in 1995.

EXPERIENCE

Jason has over 20 years of experience in managed care, prescription drugs, and provider payment systems. He focuses on projects related to the pharmaceutical distribution chain in the commercial, Medicare and Medicaid markets.

Prior to joining Milliman, Jason worked for a major commercial health insurance company, managing areas responsible for provider reimbursement, trend forecasting, and predictive modeling used for both rating and targeted disease management purposes. He also worked for a pharmacy benefit manager, consulting to large employers and health plans on issues related to prescription drug coverage including trend forecasting, benefit design and optimization, and marketplace trends.

As a consultant, Jason has worked with large employers on benefit design, flexible benefits pricing, and vendor selection for medical, drug, disease management, disability, and group life products. He also works with clients throughout the pharmacy distribution chain, including pharmaceutical manufacturers, pharmacy management companies, and Medicare Part D carriers.

Jason speaks regularly at healthcare and pharmaceutical conferences on various healthcare subjects.
