Non-Tenure Track Faculty Position:  
Teaching Assistant Professor

The Department of Statistics at North Carolina State University invites applications for a non-tenure track position at the Assistant Professor level to begin in August 2019.

Applicants must have a PhD in Statistics, Biostatistics, or closely related field. Excellence in teaching is required. The Teaching Assistant Professor will teach undergraduate and graduate level courses both in-person and online, advise students, and contribute to program development and scholarly activities in the department. An interest in online distance education is a plus. Quality performance in all realms of responsibilities, especially teaching, is a prerequisite for advancement. The ideal candidate will have experience as a teaching assistant, guest lecturer, or instructor of record for large introductory statistics courses. Recognition of teaching excellence in the form of awards and honors, and participation in a statistical learning group environment consistent with years of experience are desirable. Familiarity with SAS, R, and other modern statistical and data-mining software languages in a teaching environment is a plus, as is a willingness to teach statistical consulting courses.

The position is not eligible for tenure but promotions in rank are possible. The initial appointment is expected to be for two years. Reappointment is possible.

To apply, please go to: https://jobs.ncsu.edu/postings/112271

Please visit http://www.stat.ncsu.edu for information about the Department. Processing of applications will continue until the position is filled.

Inclusiveness and diversity are academic imperatives and thus are university goals. NC State University is an equal opportunity and affirmative action employer. In addition, NC State welcomes all persons without regard to sexual orientation or genetic information.
