The successful applicant will have proven working experience as a data analyst or business data analyst or have relevant vocational qualifications and some experience within a similar role. The successful candidate will also have the confidence to present their findings to colleagues and stakeholders at all levels across the University.

This is an excellent opportunity to join a spearhead team at a world class university. Nottingham was placed 9th in the UK (and 83rd in the world) by the established Academic Ranking of World Universities 2013. The University of Nottingham is placed 75th in the world and in the top 1% of universities internationally by the latest (2016) QS World University Rankings. Nottingham is consistently ranked in the top 25 in The Complete University Guide which placed us 25th in the 2016 guide.

Hours of work 36.25 per week worked Monday to Friday.

Informal enquiries may be addressed to David Butler, dave.butler@nottingham.ac.uk. Please note that applications sent directly to this email address will not be accepted.

The University of Nottingham is an equal opportunities employer and welcomes applications from all sections of the community.

This position does not fulfil the UK Visas & Immigration sponsorship criteria for Tier 2, therefore we can only accept applications from candidates who already have the right to work in UK.
