PETER HALL CHAIR IN MATHEMATICAL STATISTICS

School of Mathematics and Statistics
Faculty of Science
The University of Melbourne, Australia

Salary: AUD$181,308 p.a. plus 17% superannuation

The School of Mathematics and Statistics at The University of Melbourne seeks a Professorial appointee who will provide academic leadership in the discipline of Mathematical Statistics.

The appointee will be the inaugural holder of the Peter Hall Chair in Mathematical Statistics which has been created to continue the legacy of the late Professor Peter Hall who was an undisputed giant in the field. With existing staff in mathematical statistics, and more broadly, the appointee will foster growth in the statistical sciences within the School and University.

The appointee will be expected to make major contributions in the areas of research, academic leadership and professional development and contribute to the School's governance. The appointee will contribute to teaching excellence at both undergraduate and postgraduate level.

Please see attached position description for more information about this exciting, newly created opportunity.

The University of Melbourne provides a wide range of opportunities for exciting research collaborations within the School, wider University, as well as externally. Learn more about Research at The University of Melbourne.

The University of Melbourne has been accepted as a pilot institution in the Science in Australia Gender Equality (SAGE) pilot of Athena Swan in Australia. What is the SAGE Pilot? – Science in Australia Gender Equity (SAGE)
