The Department of Biostatistics in the Graduate School of Public Health at the University of Pittsburgh seeks applicants for one Public Health Education faculty position at the assistant or associate professor level (non-tenure track), to begin in fall 2016 or earlier. We seek outstanding individuals with a commitment to teaching and collaborative research.

A doctorate in Biostatistics, Statistics, or a closely related field is required. Rank and salary will be determined by the candidate's credentials. New PhDs and postdoctoral fellows are encouraged to apply. Candidates should submit a letter of application, a statement of teaching and research interests, and a curriculum vitae. Candidates should also arrange for three reference letters to be submitted. Electronic applications are preferred and should be sent to Jong-Hyeon Jeong, PhD, biost@pitt.edu. Review of applications will begin immediately and continue until the position is filled.

The University of Pittsburgh is an equal opportunity, affirmative action employer for Minorities/Women/Vets/Disabled.

Women and minority candidates are especially encouraged to apply.
