Visiting Assistant Professorships in mathematics and/or statistics

The Department of Mathematical Sciences at the University of Cincinnati is seeking applicants for several Visiting Assistant Professorships in mathematics and/or statistics. Appointments will begin on August 15th, 2017 and will initially be for one year with the possibility of renewal for a second year. Teaching load will nominally be two (3-4 credit) undergraduate courses per semester. Candidates must have a PhD in mathematics or statistics by the start date. The Department of Mathematical Sciences is dedicated to excellence in both research and teaching. The department has a graduate program offering MS and PhD degrees in mathematics and statistics. The department is looking for candidates with high-quality teaching and research and a strong potential for collaboration in areas of expertise with current faculty.

Completed applications consisting of a cover letter, vita, description of research, description of teaching experience, and three letters of recommendation, at least one of which addresses teaching expertise, should be submitted here on MathJobs.org. Applicants must also submit a current CV, cover letter, and a statement (maximum 1 page) on their commitment to diversity and inclusion to UC's recruitment system at https://jobs.uc.edu/job/Cincinnati-Assistant-Professor-Visiting-%28Math%29-OH/396027500/. Review of applicants will begin immediately and applications will be accepted until all of the positions are filled.

The Department of Mathematical Sciences, as part of the University of Cincinnati, embraces diversity and inclusion as core values that empower individuals to transform their lives and achieve their highest potential. For more information please visit the following sites: http://www.uc.edu/inclusion/latest/diversitydata.html and http://www.uc.edu/inclusion.html.

The University of Cincinnati is an equal opportunity/affirmative action employer with a strong commitment to diversity. We actively seek a broad spectrum of candidates including women, people of color, people with disabilities and veterans.
