Imagine not being able to move, sleep, or smile. Feeling anxious or depressed and struggling to think or remember. Your body not feeling like your own. This is what Parkinson's can feel like.

Every hour, two people in the UK are told they have Parkinson's - a brain condition that turns lives upside down, leaving a future full of uncertainty.

Parkinson’s UK is an ambitious and dynamic charity, passionate about improving the lives of everyone affected by Parkinson’s and finding better treatments and a cure.

You could be part of helping us achieve this!

About the role

We’ve got an exciting year ahead here at Parkinson’s UK. This key role will work across the organisation to:

• develop dynamic visualisations and dashboards for both strategic and operational audiences using Tableau and other analytics tools
• introduce data visualisation tools and create a centre of excellence within the data services team for data analytics

What you’ll do

To make the above happen, you will:

• Work closely with internal stakeholders to maximise value from their data assets using data visualisation techniques and turn them into actionable insights which deliver business value
• Build and deliver predictive models as well as segmentation and advanced, deep dive, exploratory analysis to answer business questions or solve problems
- Drive ongoing improvements of data management within the team and lead on the integration of new analytical tools and sources

**What you’ll bring**

We are looking for someone who has passion for innovative technology, data and analytics and a commitment to deliver outstanding customer service.

The ideal candidate will have:

- excellent experience of Tableau and other data visualisation tools
- knowledge of ETL tools and data warehouses and preferably Snowflake (data warehouse as a service) and Matillion
- strong analytical skills with the ability to make connections between data and information, strategy, systems and ways of working

In addition to the technical experience, we require a collaborative, pro-active team player who is keen to learn and develop within the role.

In return, we offer a rewarding working environment that is fast-paced, energetic and supportive with great opportunities for personal development.

*Parkinson's UK promotes a healthy work life balance with generous holiday allowance, flexi-time and flexible working. Please visit our website for more information on our benefits.*

*For further details on how to apply, please visit our website. Please note, supporting statements must demonstrate how you meet all the essential criteria of the person specification.*

*Please note, only candidates shortlisted for interview will be notified.*

**Closing date: 12 May 2019.**

**Interviews will take place on 20 May 2019.**

*Parkinson’s UK is an equal opportunities employer. We welcome applications from disabled persons, including those with Parkinson’s disease.*

*Parkinson’s UK is the operating name of the Parkinson’s Disease Society of the United Kingdom. A charity registered in England and Wales (258197) and in Scotland (SC037554).*

*No agencies.*
