The Department of Statistics seeks to appoint one position at the tenured (Full Professor) level for the 2019-2020 academic year. We seek strong candidates in any field of statistics and probability as well as in any interdisciplinary areas where innovative and principled use of statistics and/or probability is of vital importance.

The appointee will teach and advise students at the undergraduate and graduate levels and will be expected to develop innovative courses at both levels. The appointee will also undertake administrative responsibilities in the department and be expected to participate in the intellectual life of the Division of Science, Harvard University, and the wider scholarly community.

The Department is keenly interested in diversifying its faculty and encourages applications from diverse candidates, including from women and minorities.

**Basic Qualifications**

A Doctorate or an equivalent terminal degree.

**Additional Qualifications**

At the tenured level (Full Professor), we seek candidates who are internationally renowned scholars with well-demonstrated excellence in research, advising, and teaching.
