Biostatistics Faculty Position
Collaborative Studies Coordinating Center
Department of Biostatistics

The Collaborative Studies Coordinating Center (CSCC) in the Department of Biostatistics at the University of North Carolina at Chapel Hill (UNC) is seeking applications for a faculty position. This faculty appointment will be in the Department of Biostatistics in UNC’s Gillings School of Global Public Health. The track (tenure, research, clinical, or practice) and rank will depend on qualifications and research focus of the applicant. Strong preference will be given to applicants with experience commensurate with appointment at the Associate or Full professor level. A doctoral degree in biostatistics or equivalent is required. Applicants should have broad research interests, with a strong publications record, and experience working at a coordinating center or equivalent. Applicants should have the potential to serve as coordinating center Principal Investigator for multi-center clinical trials and epidemiological studies and the ability to engage in collaborative research.

Preference will be given to candidates with: experience in a research network coordinating center; senior management level experience including supervision, resource allocation, project and protocol management, and organizational planning in a clinical research organization; strong hands-on background in biostatistics and data management in a clinical research setting; clinical trials experience with industry; and/or working knowledge of GCP, GCDMP, and ICH guidelines, regulatory submission requirements, and CDISC standards.

The CSCC is the longest-running NIH-funded coordinating center, with a diverse portfolio of clinical trials and observational studies, innovative data management technology, and close collaboration with tenured faculty in the Department of Biostatistics.

Apply at http://unc.peopleadmin.com/postings/117508 by uploading PDF versions of your CV, cover letter, and research statement. Review of applications will start in May 2017. Arrange for three letters of recommendation to arrive via email at bennett@bios.unc.edu addressed to:
