Tenure-Track Assistant Professor of Statistics

ABOUT THE POSITION
Macalester College invites applications for a tenure-track position in Statistics to begin Fall 2017. Candidates must have or be completing a Ph.D. in Biostatistics or Statistics. They must have a strong commitment to both teaching and research in an undergraduate liberal arts environment. We are especially interested in candidates who are enthusiastic to teach a broad range of undergraduate courses, from the introductory to advanced level. Strong candidates will have a track record in the mentoring of undergraduate research.

Macalester offers an attractive environment for mathematical scientists. We offer majors in Mathematics, Applied Mathematics and Statistics, and Computer Science. On top of minors in Statistics, Mathematics, and Computer Science, we have recently developed a new Data Science minor. We pride ourselves on our innovative courses, close relationships with several client disciplines, and vibrant record of conducting research with undergraduates. We have an interest in candidates whose work spans disciplinary boundaries. Some specific areas of potential interest include machine learning, causal inference, computational statistics, data visualization, and spatial statistics.

ABOUT MACALESTER
Macalester College is a highly selective, private liberal arts college in the vibrant Minneapolis-Saint Paul metropolitan area, which has a population of approximately three million and is home to numerous colleges and universities, including the University of Minnesota. Macalester’s diverse student body comprises over 1900 undergraduates from 40 states and the District of Columbia and over 90 nations. The College maintains a longstanding commitment to academic excellence with a special emphasis on internationalism, multiculturalism, and service to society. We are especially interested in applicants dedicated to excellence in teaching and research/creative activity within a liberal arts college community. As an Equal Opportunity employer supportive of affirmative efforts to achieve diversity among its faculty, Macalester College strongly encourages applications from women and members of underrepresented minority groups.

TO APPLY
Please see a full job ad here. Via Academic Jobs Online submit electronic copies of (1) curriculum vitae, (2) graduate transcripts, (3) three letters of recommendation – at least one of which discusses your potential as a teacher, (4) a cover letter that addresses why you are interested in Macalester, (5) a statement of teaching philosophy, and (6) a research statement.

For any questions about the position, please contact Tom Halverson at halverson@macalester.edu. Evaluation of applications will begin November 15, 2016 and continue until the position is filled.
