Research Assistant/Associate in Medical Statistics

Keele, UK

Keele University

Research Institute for Primary Care & Health Sciences

3 Years’ Fixed Term

Grade 6b/7 (dependent upon qualifications and experience)

Starting salary £31,076/£32,004

Keele University is renowned for its exciting approach to higher education, innovative research, beautiful campus, strong community spirit and excellent student experience. With a turnover in excess of £134 million, over 10,000 students and a total staff of approximately 2000, the University provides high quality teaching across a wide range of academic and vocational subjects and promotes world-class research. Further information can be found at http://www.keele.ac.uk.

The Institute for Primary Care and Health Sciences (iPCHS) and Clinical Trials Unit (CTU) at Keele University wish to further strengthen their team of statisticians. The successful applicant will contribute to the design, data management and data analysis of our research programmes investigating the effectiveness of treatment, epidemiology, prognosis and management of pain and arthritis, mental health conditions, cardiovascular and renal disease, stroke and other morbidities.

At Grade 7, you will have a PhD or MSc or equivalent experience and publication record in a relevant discipline (e.g. biostatistics, epidemiology, other subject with substantial quantitative component) with experience of design and analysis of clinical trials. Experience of applied statistical analysis – including analysis of trials and use of statistical modelling is essential and you will have a high level of computer and statistical software literacy (e.g. MS Office, SPSS, Stata).

At Grade 6b, you will have an MSc in biostatistics, medical statistics, applied statistics or epidemiology or other related subject with substantial quantitative component with experience of applied statistical analysis and you will have a high level of computer and statistical software literacy (e.g. MS Office, SPSS, Stata).
