In the Department of Biostatistics, we develop innovative statistical methods to address public health challenges. Our faculty provides leadership in public health and biomedical research efforts that have a major impact on the prevention and treatment of disease. Graduates from our program assume leadership positions in academia, government, and industry.

The University of Pittsburgh Department of Biostatistics within the Graduate School of Public Health is seeking a Statistician.

This position will provide statistical support for the headquarters of a large multi-center clinical trials group (NRG Oncology) which evaluates the effectiveness of different therapies for the treatment and prevention of breast and colorectal cancers. Duties include day-to-day administration of study, direction of support staff, plan development for data collection, design of data collection, organization and procedures as well as quality control procedures, design of statistical analyses of data and preparation of study reports. Qualifications are a Master's degree in Biostatistics or Statistics with an interest in clinical trials research, expertise in statistical software and familiarity with large data bases, and demonstrated written and oral communication skills.

**Education Required**

- Master’s
- Minimum Related Experience Level Required 2-3 years experience
- Additional Education and/or Experience Essential to the Position
- Requires an advanced degree in Statistics, Information Science or equivalent in order to have the technical background to perform job duties.
- Knowledge of computer data management systems and methods of analysis is needed.
- Medical background or familiarity with clinical trial research is needed. Must possess excellent verbal and written communication skills.

**Required Licenses/Certifications**

- Child Protection Clearances
- The following PA Act 153 clearances and background checks may be required prior to commencement of employment and as a condition of continued employment: PA State Police Criminal Record Check, FBI Criminal Record Check, PA Child Abuse History Clearance.
