LECTURER / SENIOR LECTURER IN STATISTICS (3 POSITIONS)

School of Mathematics and Statistics
Faculty of Science
The University of Melbourne, Australia

Salary: AUD95,434 – AUD 113,323 p.a. (Level B) or AUD 116,901 – AUD 134,792 p.a. (Level C), plus 17% superannuation. Level of appointment is subject to the appointee's research record, qualifications and experience.

You will be expected to undertake high-level theoretical or methodological research in an area of modern statistics, leading to a vigorous research program. You will also have a strong commitment to teaching and the supervision of research students. Teaching will occur within the School of Mathematics and Statistics undergraduate and MSc programs and you will be expected to teach statistics to a variety of different audiences. You will be required to supervise research students at undergraduate, MSc and PhD levels.

The University of Melbourne provides a wide range of opportunities for exciting research collaborations within the School, wider University, as well as externally. There will be the opportunity to undertake external consulting. You will also be expected to undertake administrative tasks for the School.

As a successful candidate, you will be appointed at either Academic Level B or C, dependent upon the Selection Panel's assessment of your application.

Up to three full-time fixed-term positions available for 3 years.
