The Department of Statistics seeks to appoint one position at the tenured (Full Professor) level for the 2019-2020 academic year. We seek strong candidates in any field of statistics and probability as well as in any interdisciplinary areas where innovative and principled use of statistics and/or probability is of vital importance.

The appointee will teach and advise students at the undergraduate and graduate levels and will be expected to develop innovative courses at both levels. The appointee will also undertake administrative responsibilities in the department and be expected to participate in the intellectual life of the Division of Science, Harvard University, and the wider scholarly community.

The Department is keenly interested in diversifying its faculty and encourages applications from diverse candidates, including from women and minorities.

Please submit the following materials through the ARlES portal (http://academicpositions.harvard.edu/postings/8408). Applications should include cover letter, curriculum vitae, evidence of teaching excellence (e.g., course evaluations, if available), statements of teaching and research interests, representative publications, and contact information for at least five references. Letters of nomination from third parties are also welcome.

Contact: Search Committee c/o Karen Barkow (karen_barkow@harvard.edu), 1 Oxford St., Cambridge, MA 02138

Applications submitted by December 15, 2018 will ensure consideration during the current academic year.

We are an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions or any other characteristic protected by law.
