

STAT 311 – Spring 2016

Questionnaire

Please fill out this questionnaire and return by Friday, Jan. 15 to the instructor.

Official name at Purdue:

Full name as it will appear on your homework (with pronunciation if helpful):

Email address:

Major field of study and specialization: (e.g. Engineering – Materials, Mathematics - Education)

Degree program: (e.g. BA, BS, BSE) and year in program.

What do you expect to learn from this course?

What is your favorite color?

Where were you born? (Country or state if in the USA)

Check all that apply, elaborating below if you wish:

☐ This course is required for my major.

☐ I have a Purdue computer (PUCC) career account and know my password.

☐ I regularly read email.

☐ I regularly use a web browser and have access to the internet.

☐ I have previously taken a Calculus course. Please include the course number of the highest level of calculus that you have taken and approximately how long ago it was taken.

☐ I have previously taken a probability course. If checked, please include the course number. (Note this is NOT a prerequisite for this course.)

☐ I have previous taken a statistics course. If checked, please include the course number. (Note this is NOT a prerequisite for this course.)

Please list all mathematics courses (number and subject) that you have taken that are more advanced than calculus. Note: this information is for my information only; only Calculus II is required for this course. If you need more room, please write the information on the back of this page

If there is anything else you want me to know (expectations, problems with registration, anticipated difficulties or absences, medical conditions, etc.) please write it below.
